SILVER OAK INNOVATION COUNCIL

We are pleased to announce about S.I.C. (Silver Oak Innovation Council) which is officially collaborated with G.I.C. (GTU Innovation Council). Herewith we have mentioned few of its key features and regulation body.

KEY FEATURES

[1] INNOVATION INCUBATOR:

- Motivate and guide students for Innovation.
- To help students in the execution of their innovative projects.
- Funding (if approved by the council).
- Patents.
- Appreciation by Media, GTU, Private companies as well as Institute itself.

("Don’t misunderstand between Final year UDP,IDP projects with these INNOVATIVE projects. These innovative projects may or may not be a part of your IDP/UDP, but it will be very helpful for building healthy minds as well as resume.)

[2] SKILL DEVELOPMENT WORKSHOPS:

I. ACADEMIC:

- Branch wise seminars and workshops like VLSI, CAD, iPhone App. Development, Android, PHP,C/C++ and many others for making the students technically sound in their respective fields.
- Some sort of provisions in Lectures/Labs/Exams to be given to active students of SIC after permission granted from member secretary.

II. EXTERNAL:

- Entrepreneurship skills development
- Resume building, aptitude and soft skill development workshops.
- Leadership.
- Business - Experimental business startups (in campus only).
- Activities by Monster college.
[3] PLACEMENT CELL:

- Workshops.
- Mock interviews.
- Aptitude test.
- G.D. etc.
- Personality Development
- Activities by Monster College.

[4] TECHNICAL AND CULTURAL ACTIVITIES:

- Technical fest.
- Cultural fest.
- Industrial tours...etc.

[5] UDISHA CLUB ACTIVITIES:

- S.I.C will help each and every final year student to complete their INNOVATIVE UDP/IDPs.
- Other activities defined by GTU innovation council will be done.
- Student has to take a membership for this program. (It is free, may be charged for external events)
- Worthy awards must be given to the students who participate and do well in the workshops and activities.
- Awareness and publicity should be done through media and social networking sites as much possible.
- Each co-coordinating student and faculty has to work properly as defined from authorities.
- College can provide incentives (not in terms of money or gift, but in terms of appreciation) to them if they want.
- New ideas to make the G.I.C program successful.
