SILVER OAK COLLEGE OF ENGINEERING & TECHNOLOGY

DEPARTMENT OF COMPUTER ENGINEERING
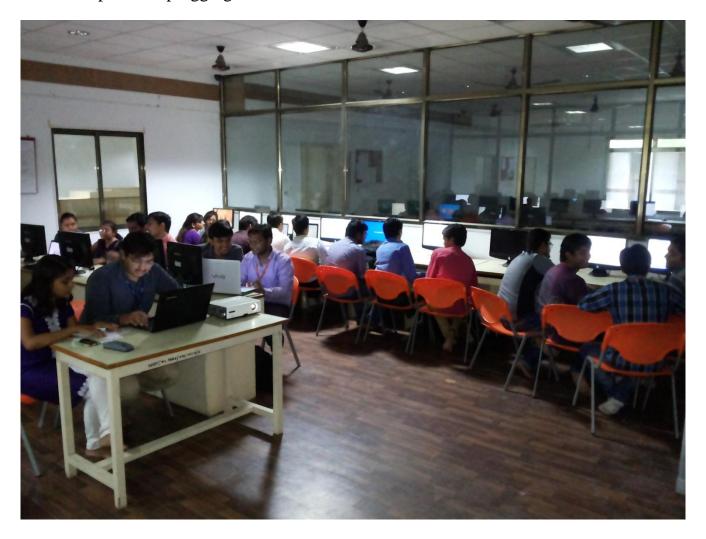

Report regarding workshop on " Wordpress "

Date:- 30/08/2014

A workshop on WordPress, was organized by SOCET under S4 club in the Department of Computer Engineering on 30th August 2014 for 5th sem students. The basic idea behind this workshop was to give an over view of Web Development and how it is working on internet.

Objectives.

- Registering domain name on internet.
- Put web page on internet.
- Installing wordpress online live as well as offline.
- Sample them editing
- Simple form plugging.

WordPress is a free and open sourceblogging tool and a content management system (CMS) based on PHP and MySQL. Features include a plugin architecture and a template system. WordPress was used by more than 22.0% of the top 10 million websites as of August 2013.

It was combine effort of Mr. Richard Sonaliya and Mr. Pushkar Jha of computer department to make it success. The targeted audience was of 5th sem. The basic idea to organize this workshop was to give idea about WordPress to use this knowledge in their mini project implementation. It was great success, 44 students did register for attending this workshop and out of which 30 students were present in spite of heavy rain.
