Summary

Silver Oak College of Engineering and Technology (SOCET) do not create only Engineers but we create leaders and give good citizens to the Country. We also make them good human being with high Human values and also a Patriot who have lots of love for its country and its peoples.

As we all know that we are an inseparable part of the Society. Any problem in the society will have an effect to us also to some extent. Problems like illiteracy, lower human values, dishonesty towards system as well as poverty pollute the atmosphere of the society very badly.

Several NGOs in India are working on various problems and also becomes successful in finding the solutions for some of them. Taking inspiration from the hard work of these NGOs only, SOCET has started a Social Service Club named "HAPPY TO HELP".

We try to encourage the youth that they should understand the importance of giving social service in the society. They must understand that how the Indian Democratic & Government system works. We try to encourage each and every youth of the country to be part of the development of the Country by bringing some change or development or growth in the society by its own efforts.

Introduction

This report presents you the description of work done by our Happy to Help volunteers, who were in first semester and also they were the members of the World's largest voluntary organization Rashtriya Swayamsevak Sangh (RSS), in contributing their part for collecting the relief fund for the peoples of Jammu and Kashmir who were fighting with the dangerous situation of flood and heavy rainfall since 4th of September.

This activity was a small step for the sake humanity by SOCET and ASOIT, in the society.

About the Activity

As we already know that India is federal country. We are a union of 29 states. The people who reside in all these 29 states are our brothers and sisters.

Without peace, unity and human values in the hearts of the people no country, no civilization and no society can develop itself.

Jammu & Kashmir is an inseparable part of Indian Federal Union. There is no doubt that we have some conflicts and border problems with them but there is a very big common thing between them and us, and it is humanity. They are also human and we are also human.

So, for the sake of humanity in the nation and society we carried out our second activity on 19th September 2014 for collecting relief fund for the peoples of Jammu & Kashmir, who were facing the most difficult times of them by fighting with heavy flood and rainfall from almost more than last two weeks.

In this activity our volunteers of first semester went from class to class, each and every department of SOCET and ASOIT asking voluntarily for the relief fund for our brothers and sisters of Jammu & Kashmir.

After taking the prior permission from our Principal Mr. Saurin R. Shah, we started this activity as soon as the college starts at 9:30 am. The activity was carried out for the whole day.

On the first day of the activity we completed the collection of the relief fund only from all the students of the college.

The next day we again carried out the collection of relief fund from all the faculties and management of the college just within the half day. All the volunteers of Happy to Help worked very hard and with full of enthusiasm.

In the end of the activity our volunteers collected a total amount of Rs. 8,046 and submitted it to the Sewa Bharati. Then Sewa Bharati will transfer that amount to the Pradhan Mantri Relief fund and from there that amount will be spent for carrying out the relief work.

About Sewa Bharati

The Sewa Bharati is a non-governmental organization (NGO) in India. It works specially among the economically weaker sections and the tribal and indigenous communities in India. It runs thousands of service projects across India in field of education, health care, rural development and rehabilitation of differently able and special needs children.

The organization is also known for its efforts in rehabilitating the victims of terror, especially the children who are rendered orphans by terror attacks.

In 1979, veteran social worker and the then RSS Sarsanghachalak Shri Balasaheb Deoras addressed a mammoth gathering of volunteers at Ambedkar Stadium, Delhi , on 8 April 1978, where he called upon them to start service activities among the neglected sections of the society. He asked the volunteers to raise self-respect of the socially and economically deprived people of India.

This speech is considered to be the initiating first step that led to starting the Seva Bharati. Although the volunteers of RSS and other allied organizations had been informally working for the betterment of the under-privileged, it was opined that a formal structure would help coordinate the service programs all over the country. Seva Bharati was thus established later that year.

Seva Bharati is inspired from RSS and is the official community service umbrella of allied organisations. The Akhil Bharatiya Seva Pramukh of RSS guides the organisation and is also represented in the Akhil Bharatiya Pratinidhi Sabha, the ultimate decision making body of the Sangh (RSS).

For General Proof only we are attaching a photo of the voucher which we got after submitting the collected amount to Sewa Bharati.
